Q. I have submitted my film to Jio MAMI, but my backend Vimeo stats show that the film has not been viewed. Should I send a reminder to the team?

A. Programming is a time consuming and a complex process. Programmers appreciate not to be disturbed and not be under scrutiny during the process of selection of films. The programmers/selection committee members are only answerable to the Festival Director / Artistic Director with regards to their opinion of the film, which is confidential.

Jio MAMI requests for a downloadable link of the film so that we are able to follow the process to its best conclusion. Hence, we request filmmakers not to speculate whether we are watching the films or not. It is in our interest to make the best selection possible. For that, we will watch all the films submitted.

Q. When will the selection of the films be announced?

A. The selection of the films for Jio MAMI will be announced by August 2023. Before the selection is announced, the selected films will be sent an invitation which they can choose to accept or reject.
